AAOS

Multi Venue Courses

OBJECTIVES

- Why Do It?
- Who Benefits?
- Choosing Venues
- Program Format
- Audio-Visual
- Hands-on Labs

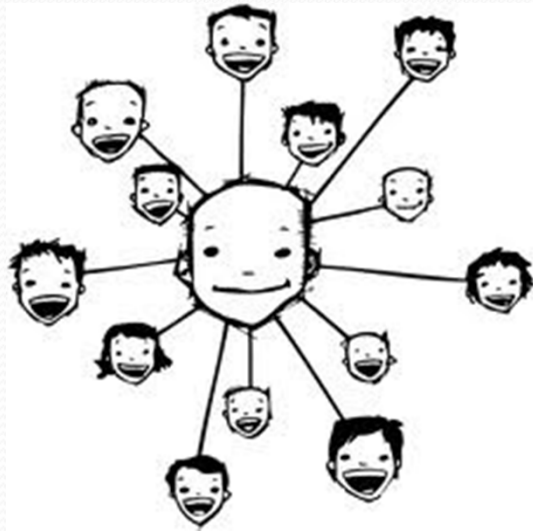

OMG!!

Why Should We Do It?

- Draw attendees from local and regional areas
- Bring education to the physicians
- Share surgical demonstrations and live surgeries to a diverse audience

Who Benefits?

Registrants

Less Time Away

Access to Variety of Faculty

Faculty

Visible to large group

Showcase their strengths

Choosing Venues

Location/Ease of Travel

Hotel, Airport

Facility

Number of stations

Ability to perform procedures

Program Format

- Have one main site, but include content from all other sites to keep it interactive
- Offer a broad range of topics
- Build in time for each site to have case discussions/debates
- Hands-on?
- Faculty

**Don't Take On More Than
You Can Handle**

Audiovisual

➤ Satellite

- * limited site access
- * pixellated

➤ Internet

- * dedicated lines
- * better connections

➤ Advanced Internet

- * high speed
- * real time
- * less costly, however limited access sites right now
- * see lecturer, control slides

Hands-On Labs

Hands On Labs

➤ Site Capabilities

➤ Equipment Availability

Don't Let This Happen to YOU!!
